ENIGHTS TEMPLAR. ge of Maryland Commands 1, to Mt. Vernon.

A fair day was given to the Baltimore Knights Templar yesteriaty to make their pilgrimage to Mt. Vernon, and many took advantage of the weather and occasion to make the excursion. It is to be regretted that their departure from this city was not a pleasant finale to the trip. A rainstorn setting in just at the time the line of march was taken up for the depct, somewhat dampened the enthusiasm of the fraters. Maryland Commandery, No. 1, arrived at Shepherd shortly after 10 o'clock, where they found Captain Frank Hollingshead with his attenuer waiting to receive them. There were 120 millformed Knight, 115 term, There were 120 millformed Knight, 115 possing the party.

Arriving at the tomb, while a dirge was being played, the Templars formed in a square about it, and when the music cessed Sit Knight Steeld delivered an eioquent address, which received the clivered and ten began a tour of inspection of the house and grounds. Some two houts were this passed when, at a given signal, the party returned to the best, and soon were traveling toward this city. The best, and soon were traveling toward this city. The best, and soon were traveling toward this city. The best, and soon were traveling toward this city. The best, and soon were traveling toward this city. The best, and soon were traveling toward this city. The best, and soon were traveling toward this city. The best of the soon of the so

asylum, and the Kinghle were dismissed.

Tilling at Benning's.

A tournament and ball was given at Benning's yesterday to sid in the erection of a mission church as few miles from the city. The lists were measured off in front of the grand stand, on Mr. Hill's race track. The riding was excellent, and the Knights were rewarded by the smilles of the fair ones who turned out quite numerously to wimes the tourney. The following are the Knights that the fair ones who turned out quite numerously to wimes the tourney. The following are the Knights that the fair ones who turned out quite numerously to wimes the tourney. The following are the Knights that the fair of the fair o

The Police Precincts.

The changes in the bounds of the police precincts prescribed in the new police, manual went into the 't yesterday. The changes principally affect the PfRh precinct (Jeint, Austin) and Seventh precinct (Jeint, Reilly). The Pffth precinct, which lies in the contro of the city, embracing the principal visiones portion of the city, has been enlarred, but shores portion of the city, has been enlarred, the west, and added to the Pffth, and in the civit an additional tract of almost uninhabitable iterritory at its eastern can lasken from the Eighth or navy yard precinct. The number of men in the Seventh precinct has been reduced by finer, and the number in the Pffth precinct has been increased by four.

Secretili precince in the Fifth precinct has been included by the old by four. The old Fifth precinct was bounded by the old canal on the south and Seventh street on the east. Now it includes the agricultural and Smithsonian grounds and Four and a-half and Fifth streets from its eastern boundary. It is not to be a second of the case of the precinct, which formerly extended to be a second of the case of the precinct of the prec

WASHINGTON AQUEDUCT.

WASHINGTON AQUEDUCT.
At the date of the last annual report a contract had been entered into with Mesers, as Enyder & Co., of Richmond, Va., for building a wrought-iron trues roof and galvanized iron cornice on the gate louse at Great Falls.

Mesers, Snyder & Co. commenced work in August and fully completed their contract in the following this propieted their contract in the following

the distribution of V-tomac water in the conduit reservoirs and pipe-line. By act of Congress, approved July 31, 1876, an appropriation was made for the fiscal year ending June 30, 1877, as follows: For engineering maintenance and repairs, \$13,000, for repairs of Georgetown reservoir, \$1,000. The work done under this appropriation during the year was done by day's work, and the materials used were purchased in open market.

In August, at Great Falls, repeats to the Potomac dam were commenced by replacing the backing of ripraps which had been carried over the dam by fresheirs.

fresheis.

At the receiving reservoir, repairs were commenced to the wooden bridge over the waste channel. A new floor was laid and the posts of the bents were renewed with sound timber. At the distributing reservoir, the tron cornices of the gatebone were painted. Between the receiving and distributing reservoirs, the arches along the conduit road were cleaned out and the embankments which had been damaged by the rains were re-

which had been damaged by the rains were re-paired regions, the repairs of the high-service reservoir were commenced.

In September the repairs to the Potomae dam were finished. Between Great Falls and the re-ceiving reservoir the embankments, which had been very much washed by the rains, were re-sidently and the repairs to the wooden bridge over solved, and the repairs to the wooden bridge over town, the relative to the properties. At George-town, the relative to the light service coervoir were

Congress, and they were fully completed on the stuof Cetoher.

The work done consisted in uncovering the foreting main and recaulking its beaky joints. The
